

# 7th International Nitrogen Conference (INI 2016)

4-8 DECEMBER 2016

MELBOURNE CRICKET GROUND | VICTORIA | AUSTRALIA

'SOLUTIONS TO ENHANCE NITROGEN EFFICIENCY FOR THE WORLD'

## Dr Cameron Gourley – Conference Secretary

Senior Research Scientist, Soils and Land Management  
Agriculture Research Division, Victorian State Government

## Professor Deli Chen – Conference Chair

Leader in Soil Water, Nutrients and Greenhouse Gases  
School of Land and Environment, University of Melbourne

## Dr Robert Norton – Partnerships and Sponsors

Regional Director, Australia and New Zealand  
International Plant Nutrition Institute

# Five reasons to attend INI2016 in Melbourne

## 1. Expand Global Engagement

- Oceania, South-east and East Asia
  - Critical balance between food security and environment
- Strong support by government, universities and industry
- Continued engagement with global science community

## 2. Comprehensive Science Program

‘SOLUTIONS TO ENHANCE NITROGEN EFFICIENCY FOR THE WORLD’

- Relevant to global issues
- International and local keynote speakers
- Plenaries, parallel sessions, workshops.

### INI 2016 THEMES

1. Food production and quality
2. Industrial and transport impacts
3. Nitrogen loss pathways and mitigation
4. Terrestrial and marine ecosystems impacts
5. Monitoring, indicators and lifecycle analysis
6. Consumer demands and marketing environmental services
7. Economic and policy responses.

### 3. Regional and Urban Field Tours

- i. Grain production / Fertiliser manufacturing plant
- ii. Dairy production / Water quality
- iii. Water treatment / Horticulture
- iv. Urban-rural interface / Marine environments
- v. Power generation / Urban composting

Social activities in lieu of scientific tours:

- Wildlife Sanctuary, Wineries, Golf.

## 4. Engagement with broader community

COMMUNITY FORUM AND LIVE RADIO CAST “GOOD FOOD FOR 9 BILLION”

- Chaired by a leading moderator
- International experts from government and industry
- Streamed live with twitter feed.

# 5. Melbourne the World's Most Liveable City

- 4 million people – one of the friendliest cities
- Iconic Conference Venue - Melbourne Cricket Ground
  - Broad accommodation options
- Shopping, food, culture, beaches

- Easy access
  - Outback, Great Barrier Reef, Wilderness Areas

**We hope to see you there !**
