

Workshop: 'ABATING AMMONIA EMISSIONS IN THE UNECE AND EECCA REGION IN THE CONTEXT OF THE NITROGEN CYCLE'

29th February, 2012, St Petersburg

9:00 – 09:30	1. Welcome by Russian Academy of Agricultural Science. A. Zavalin 2. Welcome by TFRN chairs. Oene Oenema 3. Welcome by EECCA Coordinating Group. A. Nedre
09:30	Inventory and assessment of ammonia emission sources in Belarus Sergey Kakareka, Belarus
09:45	Reactive Nitrogen Emissions in Atmosphere from Agricultural Sector in Kazakhstan and Abatement Potential Irina Yeserkepova, Kazakhstan
10:00	Rules for proper agricultural practice aimed to ammonia emissions mitigation and biogas utilization in Ukraine Lidiya Moklyachuk, Ukraine
10:15	On state registration of nitrogen compounds emissions in the Russian Federation. Irina Morozova, Russian Federation
10:30	Nitrogen management in plant production A. Zavalin, Russian Federation
10:45	Discussion and collecting topics for the General Discussion
11:00 -11:30	coffee
11:30	Country case study from Ireland. Jerome Mounsey
11:45	Country case study from United Kingdom. J Webb
12:00	Country case study from Canada. Shabtai Bittman
12:15	Country case study from Denmark. Steen Gyldenkærne
12:30	Discussion and collecting topics for the General Discussion
12:45-13:45	Lunch
13:45	Country case study from Switzerland. Harald Menzi
14:00	Country case study from Germany. Sebastian Wulf
14:15	Country case study from Italy. Laura Valli
14:30	Country case study from Romania. Mihaela Ciobanu
14:45	Discussion and collecting topics for the General Discussion
15:00 -15:30	coffee
15:30	Country case study from the Netherlands. Klaas Van der Hoek
15.45	Ammonia Emission Abatement on Large Animal Farms in the North West Federal District of Russia A. Bryukhanov Russian Federation
16:00 -17:00	General discussion. Discussion of Resolution. Closure of the workshop.

Evening: TFRN-7 Meeting Dinner [Bus to venue leaves at 18:00 promptly!!!!]
